It is said there was a lively scene McAdoo informing the Deputy Commissigner that he was being paid to do his duty until midnight to-night, and he would be expected to preside as usual

Cowan arrived at Police Headquarters at 10 o'clock to-day, and a hal fhour later took the bench in the trial room. He started in at once on the forty cases awaiting him. Many of these cases are pool-room cases, the policemen being on trial for failing to do their duty as pickets.

A friend of Deputy Commissioner Mc-Avoy took occasion to-day to deny that McAvoy had any hand in or any sympathy with the movement to restore the "shoo-fly" system. This man said that if such a system was restored it would be the work of McAdoo, not McAvoy.

Valuable Hints for Easter.

Time and Money Saved by People

Who Know Just Where to Buy.

It is generally conceded by Harlem people that Bernheim & Co., the well-known clothiers and outfitters on 3rd Ave. and 127th St., are the best all-around store for Clothing. Hats, Furnishings or Shoes for Men or Boys. Not only is one sure to get there only such goods as will stand the test of hard wear, but this firm is well known for the large stock of the newest style Sults and Top Coats, which they carry and sell at their now Yamous Low Prices. People who have seen some of the remarkable values in Men's and Boys' Clothing that have been bought at this store this week no longer wonder why this store is crowded even when others are dull. The fact that Bernheim & Co. refund the money for any unsatisfactory purchase makes this a favorite place for people who have no time to shop around before buying.

Bernheim & Co. announce that until Easter they give \$30 worth of trading stanps with every one of their matchless 10 Suits, or 3 stamps in place of 1 with every purchase. If you're not yet fixed for Easter remember Bernheim & Co. and 137th St. Who Know Just Where to Buy.

Because of the low-water pressure it was thought for a time that this building was doomed. When the fire was got under control the cocoa factory was in rufns. The adjoining building had suffered from heat and water. The total loss was eattmated at \$50,000.

The cocoa company had recently determined to move from its old plant and was negotiating with Roland Molineux, who wanted to rent the building and establish a chemical factory there. Powder Company and Ames & Co.'s

"We find that Patrick Farrell came to his death by hemorrhages due to a fracture of the skull caused by a blow from a blunt instrument, and in our opinion the evidence all points to the presumption that said blow was administered by the policeman who was in the saloon with the deceased."

Coroper Flaherty then asked Capt. Maudesto arrest Bosse and lock him up. The Captain refused on the ground that he preferred to obey the ruling of Magistrate Higginbothum.

He crawled through this and found a man trying to unlock the front door from the inside so as to let himself out. Neuman snapped a revolver at him but the cartridge did not explode.

But the snap made the burglar leap through the plate glass in the door. Nenman made the same leap and out on the street the hardware dealer fired half a dozen shots at him.

This attracted Policeman Harford, into whose arms the burglar ran as the policenan turned the corner. At the police station the man described himself as Michael Murphy, 20 years old, of No. 1850 Third avenue. In police court today he was held for trial in default of \$2,000 bonds.
